CONSUMER FIREWORKS DISPLAY PERMIT TERMS AND CONDITIONS

The person to whom a Low Hazard Fireworks Display Permit has been issued shall implement and comply with the following conditions by:

retaining the Permit at the site of the Low Hazard Fireworks Display and producing such Permit for examination upon request.

allowing Fire Paramedic Service employees to enter and inspect the premises for compliance with all applicable sections of the Bylaw.

setting off your display **only** on the property for which authorization has been received.

ensuring there are no overhead wires, branches or other obstructions within eight meters (25 feet) when setting up a display.

making a fire base (-e.g. mound of sand or earth) at least **100** feet away from the nearest building.

keeping a large metal container, partly filled with water for disposal of fireworks.

providing a pail of water or garden hose, attached to a water supply - to be made ready as a fire extinguisher.

not allowing any person under the age of eighteen years "to set off" or participate in the actual firing.

ensuring no fireworks are held by hand and fired. (Only sparklers are designed and manufactured to be handheld)

reading all manufacturers instructions on all novelties.

burying all novelties at least halfway down into the firing base (e.g. mound of sand or earth).

lighting fireworks at arms length, standing back and keeping your face away - it is preferable to use an "igniter stick".

In the event a firework doesn't go off. do not attempt to re-light it - do not approach it for several minutes and then douse it with water and carefully place it in a refuse container or return it to the vendor where it was purchased.

Remember, the display must be under the conduct and supervision of at least one responsible person, who must be at least eighteen years of age. No person may use, set off or allow to be used or set off any fireworks in such a place or manner as might create danger or constitute a nuisance to any person or property, or to do or cause or allow any unsafe act or omission at the time and place for the setting off of any fireworks.

No person may set off any fireworks in or into any building, doorway, automobile, or other place where such setting off might create a danger or nuisance to any person or property. The display must be conducted in a manner consistent with all safety procedures and be held and continued only while all proper precautions are being observed to keep spectators at a safe distance, to protect public and private property, and suitable fire extinguishing equipment must be at hand at all times. Read and follow all instructions on the fireworks Plan the firing order before you begin. Light all fireworks carefully. and always light the fuse at its tip do not fire in windy conditions and store fireworks in a cool dry ventilated place in a locked container away from children

NOTE: A PERMIT IS NOT REQUIRED FOR THE USE OF HAND-HELD SPARKLERS OR CAPS FOR TOY GUNS.
