

## MISSION STATEMENT

Not just a building, the Niverville CRRC and its surrounding facilities form a campus-like area based on a progressive model of forward-thinking community support. Additional recreation venues, such as the Centennial Arena and Niverville Curling Rink are located just next door, and the Niverville High School and daycare facilities are linked to the CRRC through a glass walkway that joins the atrium entranceway.

The CRRC is the new home for sports activities, as well as fitness classes, wellness workshops, cooking classes, private functions, and many other activities that enhance the lives of Niverville residents and those from surrounding areas.

Niverville Recreation & Wellness offers a broad range of accessible recreational opportunities with the aim to create connections and cultivate belonging while meeting the physical, social, and psychological needs of the community. Our mission is to be the community connection for sports, recreation, health and wellness, arts, programs, and entertainment.

The Niverville Community Resource & Recreation Centre is located at 501 Centre Street.
